

Maximum Cleaning Power

Endozime® AW Triple Plus® with A.P.A.

Multi-Tiered Enzymatic Detergent with Advanced Proteolytic Action and Rust Inhibitors

APA is the latest enzymatic breakthrough developed by Ruhof Healthcare that greatly increases protein enzyme activity to provide a faster more thorough penetration into hard-to-reach places on surgical instruments and scopes.

Endozime® AW Triple Plus®'s unique formulation of protease, amylase, lipase, carbohydrase and proprietary enzymes with APA and rust inhibitors assure the complete removal of bioburden.

Lower instrument repair and replacement costs, speed up turnaround time and reduce the risk of cross contamination all with Ruhof's Endozime® AW Triple Plus®!

- Removes all blood, fats, carbohydrates, starches and protein
- Inhibits rust
- Biologically active additives speed the process for liquefaction and solubilization
- Safe for use on all surgical instruments and scopes
- Designed for use in all washer, washer sterilizers, ultrasonics and manual cleaning
- Low-sudsing, neutral pH, non-abrasive, free rinsing and 100% biodegradable

Multi-Tiered Enzymatic Detergent
with Advanced Proteolytic Action
and Rust Inhibitors

Specifically Designed For
AUTOMATIC WASHERS, WASHER STERILIZERS,
ULTRASONICS and MANUAL CLEANING

- Removes All Bio-Burden
- Inhibits Rust
- Instantly Active - Continuously Active
- Will Not Harm Any Metals, Plastic Rubber, Corrugated Tubing or Glass
- Low-Sudsing, Neutral pH, Free-Rinsing & 100% Biodegradable

ENDOZIME® AW TRIPLE PLUS® is a unique formulation of protease, amylase, lipase, carbohydrase and proprietary enzymes with A.P.A. (Advanced Proteolytic Action) which removes all bio-burden and inhibits rust. A.P.A. is the latest enzymatic breakthrough developed by Ruhof Healthcare that greatly increases protein enzyme activity to provide a faster more thorough penetration into hard-to-reach places on surgical instruments and scopes. Recommended for reprocessing of all instruments - from the most difficult to clean to the most delicate - ENDOZIME® AW TRIPLE PLUS® now has biological additives that speed the process of liquefaction and solubilization, facilitating enzymatic action and contributing to the product's superior effectiveness. ENDOZIME® AW TRIPLE PLUS® reduces film build-up left by some non-glutaraldehyde high-level disinfectants.

Contents: In USA: 1 Gallon
Export: 4 Liters

ENDOZIME® AW TRIPLE PLUS®
Multi-Tiered Enzymatic Detergent with
Advanced Proteolytic Action and Rust Inhibitors
Ruhof
Contents: 1 oz. (30g)
